

# Rubadue Wire Co., Inc.

*"Quality Through Innovation"*

---

February 15, 2008

To Whom It May Concern:

Rubadue Wire Co., Inc. manufactures ETFE insulated wires; however we do not manufacture the ETFE virgin resin. Based on information provided to us by our supplier perfluorooctanoic acid (PFOA) is not intentionally utilized in the manufacturing process of ETFE. Because our supplier does not intentionally add ingredients containing PFOA, neither they nor we test for PFOA. We do not expect ETFE insulated wires to contain PFOA.

The information provided herein is based on data we believe to be reliable, to the best of our knowledge. This information applies only to ETFE insulated wires manufactured by Rubadue Wire Co., Inc. and does not apply to use in any process or in combination with any other material. Accordingly, Rubadue Wire Co., Inc. cannot guarantee or warrant such information and assumes no liability for its use.

If you have any questions please contact me at [sean.toland@rubadue.com](mailto:sean.toland@rubadue.com)

Sincerely,

Sean M. Toland

Quality Assurance Manager
